

COVID-19 Communication

October 22, 2021

Beginning Monday, October 25, masks will no longer be required in Bristol Tennessee City Schools. Over the past three weeks, we have averaged less than one case of COVID-19 among students and staff per day. Masks are still strongly recommended.

We appreciate the hard work of our students and staff in following our COVID-19 significant spread protocols to reduce our number of cases and help us keep one another healthy and at school and work. We will continue to evaluate the status of COVID-19 and be prepared to implement more stringent temporary protocols should they be deemed necessary based on the spread of the virus in certain schools, the district, or our community. You can find the most up-to-date COVID-19 Operating Procedures at the following [link](#). The most recent changes are outlined at the top of both sections. If you have input regarding the COVID-19 Operating Procedures, please email studentservices@btcs.org.

Again, thank you for your efforts in the fight against COVID-19!
